

DAZA CONSULTING & TRADE

PREMIUM CALIFORNIA NUTS & DRIED FRUITS

Wholesale • Private Label • Global Quality Standards

DAZATRADE.CA

ABOUT DAZA

Rooted in Quality, Grown for Trade

Daza Consulting & Trade was founded to bring the finest California-grown nuts and carefully sourced dried fruits to wholesale buyers, retailers, and private label partners around the world. We work directly with growers and trusted processors to ensure every shipment meets exacting standards for quality, freshness, and food safety.

OUR QUALITY COMMITMENT

Rigorous Grading

Every lot is size- and grade-checked against U.S. and international standards before it ships.

Full Traceability

Growing region, harvest window and lot number are tracked from orchard to carton.

Freshness Controls

Moisture testing and climate-controlled storage protect flavor, color and shelf life.

CALIFORNIA SOURCING

Our pistachios, almonds and walnuts are grown in California's Central Valley and San Joaquin Valley — the world's most productive tree nut growing regions. Complementary items, including cashews, dried fruits and seeds, are sourced from vetted global partners and held to the same Daza quality specification.

WHOLESALE & PRIVATE LABEL

We supply retailers, distributors, food manufacturers and foodservice operators with bulk and repack formats, and offer full private label programs — from custom roast and seasoning profiles to branded packaging and pallet-ready logistics.

PACKAGING & PRIVATE LABEL

Packaged for Your Brand, Built for Distribution

From retail-ready pouches to pallet-scale bulk shipments, Daza offers flexible packaging and full private label support so your product reaches shelf exactly as your brand intends.

Retail Pouches

Stand-up pouches with resealable zippers in a range of sizes, print-ready for shelf-ready retail branding.

Bulk Cartons

5kg, 10kg and 25 lb master cartons for foodservice, manufacturing and repack operations.

Foodservice Packaging

Portion-controlled and food-service formats built for restaurants, hotels and catering programs.

Custom Branding

Full private label design support — labels, pouch printing, tins and gift packaging under your brand.

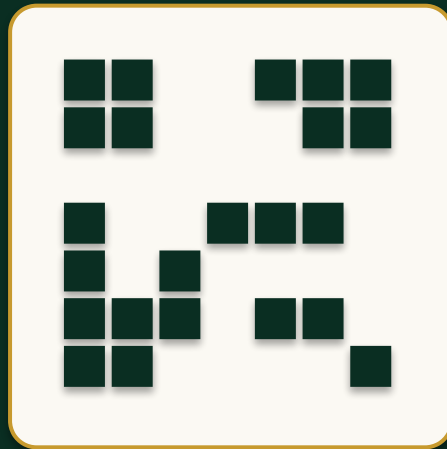

Pallet Options

Mixed or dedicated pallet builds with flexible case configurations for freight-efficient distribution.

Every SKU ships to the same specification, every time — so your brand experience never varies.
